

ShopSphere Exchange Policy

This policy covers exchanges for size, color, and replacement of eligible products.

Exchange window

- Eligible products may be exchanged within 15 calendar days from the date of delivery.
- The item must be unused and should include the original packaging, tags, accessories, and manuals.
- Exchanges are allowed only when the replacement variant is available in stock.

Size and color exchanges

- Fashion items may be exchanged for another size or color of the same product when stock is available.
- If the requested size or color is unavailable, the customer may use the normal return process instead.

Price differences

- If the replacement variant costs more, the customer must pay the difference before dispatch.
- If the replacement variant costs less, the difference is refunded to the original payment method after the exchange is processed.

Not eligible for exchange

- Final Sale items, personalized products, and opened hygiene products cannot be exchanged unless they are defective.
- An item that has been used, washed, altered, or damaged after delivery is not eligible for exchange.
